

April 30, 2019

Shawna Sweeney, MSHI, RHIA, CCS

HIT/CIM Department Chair
CIM Program Director
721 Cliff Drive
Santa Barbara, CA 93109

Dear Ms. Sweeney,

NCRA sincerely appreciates Santa Barbara City College's continued commitment to providing excellent education for cancer registrars. We believe that formal education for cancer registrars is an essential element in the collection and maintenance of high quality cancer data, and we are happy to be able to work with you to achieve this.

The NCRA Formal Education Program Review Committee (FEPRC) has completed its review of your 2019 annual update. It is the opinion of the FEPRC that Santa Barbara City College's online Associates Degree program in Cancer Information Management (CIM), and the Certificate Program in Cancer Information Management (CIM) continue to meet the requirements set forth in the NCRA Accreditation Standards. We are pleased to inform you that the status of the programs remains **accredited** by the National Cancer Registrars Association.

The future review schedule for the Santa Barbara City College, Certificate Program in Cancer Information Management (CIM) program and the Associate Degree in Cancer Information Management is as follows:

Annual reports: April 2020, April 2021
Reaccreditation: April 2022

Thank you again for your continued commitment to the formal education of cancer registrars and for your support of professionalism in the field. We look forward to a continued partnership with Santa Barbara City College.

If you have any questions or issues you would like to address with the Committee, please contact NCRA Manager of Education Programs, Mary Maul at 703-299-6640 X314 or mmaul@ncra-usa.org.

Sincerely,
Mary Maul
On behalf of the
NCRA Formal Education Program Review Committee
